

Trio (call name Jack)

About

Jack is our handsome tri-colored small-medium stud! He is very special with this “tri” coloring as he has two recessive parti genes and all four of the recessive genes required for the phantom coloring markings!

Jack has a very unusual pedigree for a program such as ours as he is at 70% poodle and 30% Labrador. He has his father, Philharmonic, to thank for his soft fleecy coat! Jack is mostly all American from quite unique lines on his Mom’s side. Like many of our other special Guardians in our program, Jack will help increase the genetic diversity of this wonderful breed that we so love and maintain its vitality into the future. We can’t wait to see more of Jack’s “tri” puppies!

Jack lives in a lovely old farmhouse in Central NJ that makes us think we're driving up to Tara from Gone With the Wind when we pick him up from his wonderful Guardian home!
