

# Winter is Coming (call name Frieda)

## About

Frieda is our gorgeous red girl that is a fourth generation Cream Puff! She also traces back to the original Australian Labradoodle lines that were first created in OZ! Frieda carries for chocolate and can produce liver and black nosed apricot and deep red puppies many with light green/amber eyes that we so love here at Cream Puff!

We were blessed with this gorgeous girl to continue one of our foundation lines starting with Cream Puff Princess who has sons, daughters, grandkids and great-grandkids in many respected labradoodle programs in the US, Canada and the UK. Frieda represents mostly new American lines blended with the famous old-school original lines. We think that you will agree that this blend of original Australian lines with new American lines makes for a lovely girl!

Many thanks to her loving Guardian home for helping provide the world with generations of beautiful Cream Puff Labradoodles!
