

# Living in the Sunlight (call name Piper)

## About

Piper is a gorgeous caramel girl from Philharmonic's paternal line. So, you know she has a to-die-for coat! Add to that her unique caramel coloring combined with light green/amber eyes, and she is a very welcome addition to our program!

Piper traces by through three lineages to the original Australian foundation stock. She is therefore a great pairing with our newer bloodlines that we specialize in here at Cream Puff to get that "perfect blend" of a little old and and little new which brings that perfect pet puppy to your home. We are extra excited to see her produce "phantom" puppies that look like fluffy tiny Bernese Mountain Dogs. We can't wait to see the awesome puppies that we know she is going to produce as she carries on her Father's legacy in the "Labradoodle world" and, more importantly, into your home!

Piper lives with an incredible family here in New Jersey who just dotes on her and thinks the world of her, which she returns with never ending affection.
